If you wish to go ahead with either of these quotations, please contact the painter. Do not contact the president or the administration. Payment is to be made by individual property owners, not from the community's reserve fund.

You can decide to paint all or part of your property yourself. Alternatively, you may think that your property only needs to be power washed or that your property does not need to be painted at the moment. Whatever you decide, the exterior of your property must be in a condition which is acceptable to the Managing Board by 31<sup>st</sup> March 2012. After this date, unacceptable properties will be painted by a contractor employed by the community and charged to the property owner.

For those owners, who wish to paint their properties themselves, Tim Sykes has told me that the paint he uses is from Torrecolor, on the Casa Grande Industrial Estate in Torreveja. The white is called Albero No.4. He hasn't told me the name of the yellow colour. Dennis Little, of Crown Coatings, said that he would be willing to supply paint to anyone who requests it.
